Scrapbooking

Scrapbooking is a technique, originally from the United States, used to preserve and present memories and pictures. Cutting, cropping, gluing, and assembling are the beloved task of the scrapper, an art form that was born out of the desire of keeping our dearest memories with us forever, embellished by beautiful designs and accessories. Stamperia proposes scrapbooking enriched with Binding Cartonnage and Journaling.

SCRAPBOOKING PADS

The most distinguished product of Stamperia collection is the Classic Scrapbooking Pad, 10 designed sheets - 12 x 12 inches -, printed both faces on Italian Fabriano Paper, 190 grams. The cover as the back are also printed double-sided, in order to give 2 more designs to work with. Available also as:

MAXI Scrapbooking Pads 22 Sheets + Covers, 12 x 12 inches

MINI Scrapbooking Pads 10 Sheets + Covers, 8 x 8 inches

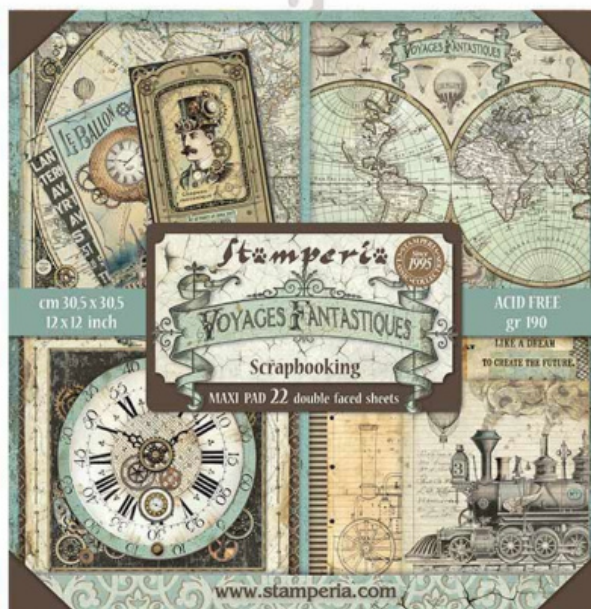

As it is a great pride, we could not forget to mention that our papers are made in respect of the FSC regulations in order to allow more trees to be planted.

ACRYLIC POURING

The new artistic painting technique, called "Acrylic Pouring" arrives from the United States. With the movements of colors on the canvas you can create abstract subjects with special effects which recall the marble effect. Basically you prepare very fluid acrylic colors mixed with the special Medium and pour them together on the canvas where will appear the magic! The color spreads and gives life to movements and weavings, creating unique cells and lines. Mixing pouring with acrylics Vivace or Allegro you can obtain beautiful effects.
